

## History of the Friends of the Cedar Park Public Library

The Friends of the Library was established in September, 1980 as a support group of volunteers to promote the library within the community. Although many people had previously joined together to create and organize a library, the first official meeting of the Friends of the Library took place on January 10, 1981, a week before the library's grand opening to the public. At the first meeting, officers were elected and the roles of the Friends in the community were defined.

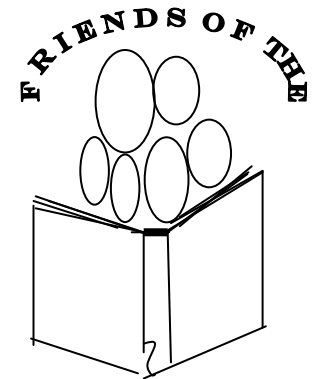

### Cedar Park Public Library Destination... Pure Imagination

The Friends have an on going booksale at the Library. You can get these gently used materials for a small donation. Twice a year, the Friends also organize, promote and work at a booksale to raise funds and provide volunteer opportunities for the community.

The Friends also volunteer their support to the Cedar Park Public Library Foundation events and give their time to the library staff whenever possible. Our meetings are small, casual and fun. They take place on the first Monday of the month at noon.
